

# What are the additional symptoms of COVID-19?

As more has become known about the novel coronavirus, the Centers for Disease Control and Prevention has rolled out an expanded list of symptoms. The original symptoms remain unchanged.

## Additional symptoms:

**Chills**

**Muscle pain**

**Headache**

**Sore throat**

**Loss of taste or smell**

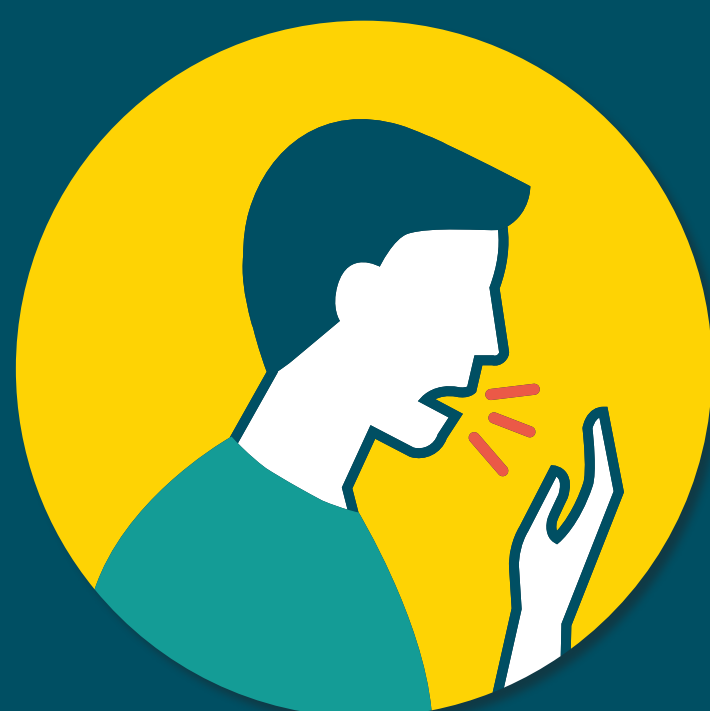

## Original symptoms:

**Fever**

**Cough**

**Difficulty breathing**

These symptoms may appear from 2 to 14 days after being exposed. If you feel ill, stay at home and call

**Confluence Health at (509) 663-8711 or  
Columbia Valley Community Health at (509) 662-6000**
